General remarks

- Check if the supplied product suits the type, height, and the projection of the canopy.
- When attaching the positioning pieces in the main housing of the awning, respect the following rules:
 - The surface has to be dry and clean, no dust, no grease. Press well. Please wait 72h before usage!
 - The sun can affect colors depending on usage.
- When it rains, put one side of the awning lower so that the water can drain.
- When wind reaches 6 Bft. please store the panels and close the awning.
- Don't place heat sources near the walls or the roof.

Maintenance

- Ensure that there are no hard objects on the window during folding. This is to prevent impressions.
- Let the panel dry thoroughly before long time storage.
- Use pure water or a dry brush to clean the panel.
